Beyond Living & Dying: Expanded Consciousness for Daily Living
Saturday, October 26, 2019 – 10 am – 2 pm PDT (1 – 5 pm EDT)
with Dr. Rajiv Parti, MD, Shawna Ristic, MA, and Dr. Nikola Ristic, PhD

Join us for this unique occasion to explore with three experiencers that which is ***Beyond Living and Dying*** and how to bring this expanded consciousness into your daily life.

Dr. Rajiv Parti, MD will discuss his revelations about past lives that he had during his Near-Death Experience (NDE), how they influence your present life and what you can do about it.

Shawna Ristic, MA will talk about navigating life with vibrational awareness and intuitive knowing (the 6th sense) that was awakened in her after her NDE. This is the awareness that connects us energetically to each other and to that which is beyond our world.

Dr. Nikola Ristic, PhD will discuss ego-transcendence, or ego-death, and re-discovery of awakened awareness in the Here and Now. He will, also, give us pointers on how to apply this experiential wisdom to our daily lives.
