Akamai University
Learning Contract Model

January 12, 2024

This contract consists of four sections. (I) Transfer courses, from other universities and certificate programs. (II) Coursework completion details, prior learning assessment and challenge examinations. (III) Research or Project Proposal Abstract. This section completed after course work satisfactorily submitted.

I. Transfer Courses and/or Professional Experiences / Work - Study

List titles of university courses and certificates completed. Attached transcripts and certificates to the contract.

--

II. Coursework, Prior Learning Assessment and Challenge Examinations *(Duplicate this section as needed to list all courses required for the program.)*

Course Title	Credit Hours
Faculty Name	Completion Date

Course Terminal Learning Objectives and/or Course Description (List three to six objectives for the course.)

--

Learning Activities (List learning activities the student will undertake to achieve learning pertaining to the Terminal Learning Objectives and/or Course Description. Examples of learning activities may include reading, research, field experience, other external activities and challenge examinations.)

--

Learning Resources (List activities to achieve course learning. Identify texts, journals, online resources, field placement, seminars, conferences, workshops, non-university programs and other learning resources.)

--
